web, symbols, apps,
infographics.

Become a customer

Addressing to iStar Design Bureau you expect to get the full-fledged product that will favour the development of Your business and the support of your image. We involve people in the project to deal with its implementation.

Any project is divided into stages. Each stage is estimated in work hours spent by iStar, and paid separately. Before the project start, all its details are recorded and a client may see the whole process of the work and the terms of its implementation.

Every step is transparent and open as much as possible.
